

Term	Autumn 1 2019
Class Year group	Mrs Craggs Year1/2
Topic	Fruitastic
Overview of topic	We will be using fruit and vegetables in stories as a start to learning about sentence structure, grouping, healthy life styles, drawing etc.
Literacy focus	We will be concentrating on letter formation and using finger spaces in our writing. We will be learning new phonic sounds and using these when spelling words as well as learning the spellings of some exception words.
Maths focus	We will be sorting objects, counting, comparing quantities, exploring how numbers are made up (number bonds) as well as simple addition and subtraction.
Science focus	We will be learning about what humans and other animals need to survive, the fact that they grow and reproduce and observing changes in the season.
Other learning	We will be describing the main features of Staveley, researching how we cooked in the past, drawing different fruits and discussing artists' work using the camera to record what they are doing, singing songs related to food and healthy living, playing rugby and learning about what Christians and Muslims believe.
Things to do at home	Please read with your child every day and practice counting forwards and backwards from any number.
