Mrs Maw's Class

29th June 2020

Hello children, I hope you are all well.

What an exciting week, as we begin our transition meetings and find out about our new class teachers and what you will be doing in your new Reception class. Miss Clark will be giving you a call soon to talk about your child and introduce herself and I will be making my calls to the children who will be in Class 1.

This is a great time to be doing lots of talking positively about their new Reception class, you could ask your child to draw a picture of themselves and write their name, you could write down what your child says they are looking forward to doing and playing with when we return. I am sure Miss Clark and myself would love to see these in September!

This week I have read 'The Rainbow Fish' by Marcus Pfister, available to watch on YouTube. This is a lovely story about friendship, sharing and being happy. Talk about how Rainbow fish learnt to be a good friend. Talk about the different ways they could be a good friend. You could remind the children of our Golden rules of having 'kind hands and saying kind words'.

Sing together the song '1,2,3,4,5 once I caught a fish alive'.

Have a look in books or on the internet to find out a fact about another creature that lives under the sea.

Draw some fish and decorate them with spots, count how many spots, which fish has most spots, can you order the fish?

Draw, colour, paint, collage a Rainbow fish using as many beautiful colours as you can.

Have fun and take care. From Mrs Maw.
