

Speedwell Infant School Progression and Termly Age Related Expectations EYFS

At Speedwell Infant School we recognise the importance of ensuring that we have a shared understanding of progress over time and age related expectations for each year group at different points throughout the year, thus ensuring that children are 'ready' for the following year group.

This document has been created using the 2021 Statutory Framework for the EYFS, the September 2020 Development Matters and Target Tracker. We have identified the statements children should be achieving to be working at age related expectations at different stages throughout the year. We have aligned the expectations to our termly assessments to ensure that we use the same bands when assessing our children at different points throughout the year. This will ensure that we can also measure progress over time. Whilst it is noted that Development Matters should not be used as a tick list, the statements are used to inform teacher professional judgement assessment at summative assessment points throughout the year. Teachers will moderate assessments to maintain consistency across school.

Children who achieve the expected standards should be levelled in the Green Bands as Low expected or High Expected. The levels in this band align to the levels we should use on Target Tracker.

It will be used as a tool to inform planning and assessment alongside the curriculum and other guidance. It will be reviewed regularly in order to keep it up to date with the latest assessment information.

Progress over time

5 (Reception) or 6 (nursery) steps progress over the year - expected progress

More than 5 (Reception) or more than 6 (nursery) steps progress - accelerated progress

Less than 5 (Reception) or less than 6 (nursery) steps progress – poor progress

Children will have an on entry assessment when they join school either in Nursery or Reception. After this, throughout school the end of summer term assessment will be the start of autumn term assessment.

A baseline assessment will be made in Reception for children who attended nursery within the first 3 weeks of Autumn term in order to quickly identify any children who may have regressed over the summer holidays. This will not result in any changes to end of summer term assessments or expectations in progress over the coming year, but will enable teachers to quickly revisit any learning to get children back on track and achieve at least expected progress over the year.
